More Wines, Better Value by the Bottle

If the wine you desire is only offered by the bottle or if you want a better value for more than one glass, go ahead and order the bottle. You do not have to finish it. By state and local law, if you purchase a meal, you may take one unfinished bottle of wine with you.

Your bottle will be sealed in a bag and stapled shut with a receipt and must remain sealed in this manner while in public. When traveling in a vehicle with this bottle, you are required to place it in a locked trunk or glove compartment or behind the last upright seat if you do not have a trunk.
